

## Wahler depARTures Fund

In keeping with speaker Marc-Olivier Wahler's interest in student/intern travel (November 2018), Art League has created a donor-restricted *Marc-Olivier Wahler depARTure Fund (Fund)*. The Fund will continue to pay out until it has been depleted.

This Fund will subsidize any college student or KIA post-baccalaureate Resident or intern's participation in an Art League depARTure.

*There is no formal report required and no requirement that the college student be enrolled in an art program. Any college or university student or KIA Resident or intern may apply for a day-trip depARTure.*

Conditions of the Fund will be: formal written application from student, Resident, or intern to include statement of why support is requested; and a thank you letter submitted to the Art League following the depARTure. The applicant must apply for a specific depARTure.

An application form is posted on the Art League website and will be announced to the KIA Residents, interns and to regional higher education institutions.
